Tokoroa budgeting success!

The TPU and YP have been getting to grips with budgeting during March. The programme helps with understanding the weekly bills and prioritising expenditure. "They engaged positively throughout the course and continue to let me know how things are going for them" explains case manager Tara Barber. "This programme gives realistic budgeting decisions with the use of workbooks, it has even given one young couple the incentive to move out of the family situation and start looking for their own home".
